Youngers Creek Trail

Vince Carman

Vince reported needing Chain link, gate and fence post.

70% of top rail for fence is needed.

Trail clean up to be Sat. Jan 7th and 14th with some trash pickup around the pavilion, repair the chain link fence and corridor clearing on the trails. There is damage from the ice storm which needs to be taken care

*of. Miller Hill is reported to be impassable due to
downed trees so coming in from the Bluegrass Pkwy is
probably the best bet.*

*Vince is talking with Ben Blich about building pump
track. Cost of \$5000.00 includes lodging and
meals.*

Otter Creek Patrol

Vince Carman

*Mike Wheeler has approached the Muldraugh Police
Department to discuss a volunteer bike patrol for Otter
Creek Park. Muldraugh Police patrols the park a
few times a week but do not have the manpower to
patrol more than that. Having a bike patrol in the
park will put more eyes and ears on the park while
allowing the community of riders to give something back*

for the trails we've enjoyed for so long. The bike patrol's responsibilities may include reporting on physical security, damage, vandalism, unsafe conditions and

illegal activity in the park. All strictly non-confrontational. We are currently gathering a list of individuals who would be interested in patrolling in the park. If anyone is interested let Vince know via

e-mail or in person and he will add you to the list that will be presented to the Muldraugh Police and Magistrate for consideration.

Switchback Attack

Possible dates are June 7th, Aug 2nd, and Aug 23rd.

Stay tuned to *As The Switchback Turns*.
